MONEY AND FOREIGN MARKETS.

The expectation of the issue of bonds by the Federal Government affected the money market emphatically, and made it firmer and more active, both in the time money and commercial paper branches. Money on call was at 2 per cent. We subjoin our usual table of rates, made up from information furnished by the busiest houses:

Loans	Time Money	Choice

The price of domestic exchange was as follows at the places named: Chicago, 50c.; Boston, 20¢ less discount; St. Louis, 90c. premium, offered at 100c.; Charleston, buying par, selling 1c. premium; San Francisco, sight 20, telegraph 25; New Orleans, commercial 100-125 discount, bank par; Savannah, buying 1-16 discount, selling 1-16 1/2 premium.

The price of foreign exchange was as follows at the places named: New-York—Exchanges, \$55,028,838; balances, \$7,423,682. Philadelphia—Exchanges, \$11,734; balances, \$1,819,189. Boston—Exchanges, \$13,785,738; balances, \$1,763,532. Chicago—Exchanges, \$14,158,155; balances, \$2,001,368.

The price of commercial bullion silver in this market was quoted per ounce. Mexican dollars were quoted at 45¢ cents. In London bar silver was unchanged at 27.75s. an ounce. The market was steady. The Etruria, sailing to-morrow, will carry 275,000 ounces of silver.

The foreign exchange branch was weak and unsettled, reflecting the expectation of the new bond issue. Postage rates were twice reduced. Much interest was expressed by drawers of exchange to know the features of the Atlantic plan—as to whether gold received abroad for bonds would be imported or left in some London repository, or if exchange would be purchased in London and Berlin. Gold to the amount of \$1,200,000 was withdrawn from the Sub-Treasury for export, but that sum and \$600,000 more were returned later. Most gold shipments which had been ordered were cancelled. What amount will actually be exported to-morrow is unknown. At the close the market was active and weaker. The following table shows the rates at which business was actually done:
